

Community Spotlight

Together in Mission is about being the hands and feet of Jesus Christ in our times.

Precious Blood

Los Angeles

Located a few miles north of iconic downtown Los Angeles, Precious Blood School has served the Los Angeles community for the past 66 years. Precious Blood currently educates 130 students from transitional kindergarten to eighth grade.

The immeasurable support that Precious Blood receives from **Together in Mission** is integral to keeping the school open to all. It allows the school to continue their work as ministers to the students entrusted in their care.

Precious Blood values the contribution that parents make as the primary educators and the first teachers of Jesus' message.

“Together in Mission is a testament to the existence of the Body of Christ among and within us for we know that we are not alone in this journey called evangelization.”

-MARIA CUNANAN, PRINCIPAL

Precious Blood strives to create a school environment that fosters the total development of the child: spiritually, intellectually, socially, morally, and psychologically.

Following in the teachings of Jesus Christ, the school calls its students to model their actions after His example at all times. Precious Blood is a proud beacon of education, Catholic identity, and service to its community.

“We want to send out students that will serve others, make a difference in the world, as well as prepare our students to become full and active members of the Catholic Church.”

-MARIA CUNANAN, PRINCIPAL
