## *Verse 1*

There are times when we all stand alone in the shadows  
When our world has gone wrong and we need a light to guide us

## *Bridge*

Who will be the one's that we can count on for tomorrow  
who will be the one's to ease our pain and our sorrow, come together as one

## *Refrain*

**Share your Light  
Let your Love shine bright  
When you share your Light it goes on and on**

## *Repeat Refrain*

## *Verse 2*

If we all lend our hand and our hearts to each other  
Then our world will grow strong building hope for their tomorrow

## *Bridge 2*

Who will be the one's that they can count on for tomorrow  
who will be the one's to ease their pain and their sorrows, come together as one

## *(Alternate Spanish Bridge)*

Quienes seran para ofrecer y dar la mano  
Quienes seran para ayudar nuestro hermano  
todo el mundo a cantar

## *Refrain*

## *Spoken Monologue*

“We are all Spiritual Being's of Light. Our Souls glowing like stars in the night. When we are happy and strong, we shine as radiant beacons, but when we are tired and weak, and life just seems unbearable, our Light dims like a flickering candle in the wind. However bright your Light, know that you have the power to re-ignite your Brothers and Sisters Light, your Brothers and Sisters Lives! Share your Light, Share your love, and together we will go on”

## *Bridge 3*

We must be the one's that they can count on for tomorrow  
We must be the one's to ease their pain and their sorrow, come together as one

## **Repeat Refrain Out**
